Helpful info for your first video appointment

Use Any Computer

Clocktree will work on any computer device with internet access and a camera, including smartphones or tablets. Please use the latest version of your browser for video appointments.

Getting Ready

Log in to www.clocktree.com before your appointment time to test your camera and microphone.

To do this, click your name in the upper right and select "Test Audio/Video".

Your Appointment

At your appointment time, log in to your Clocktree account. Click "Join" when you hear a ring. Then you will be connected to your video appointment.

Be well, and thanks for using Clocktree!
