HEALTHCARE PROVIDER TEAM

Allergy & ENT Associates Healthcare Provider Team consists of Allergists, Otolaryngologist (ENT), Audiologists, Nurse Practitioners and Physician Assistants. The physician you select for your care is your "Team Leader" and PRIMARY ENT/ALLERGIST. He or she may work with a Nurse Practitioner or Physician Assistant. From time to time, you may have an office visit with another Group Physician, the Nurse Practitioner, or the Physician Assistant.

Your PRIMARY ENT/ALLERGIST supervises your care, regardless of which type of health care provider delivers care. At any time you can request to see your PRIMARY ENT/ALLERGIST and will be scheduled to be seen as soon as possible. Nurse Practitioners are Advanced Practice Registered Nurses with advanced education and training in the provision of health care. A Nurse Practitioner can diagnose, treat and monitor common acute and chronic diseases as well as provide health maintenance care. The Physician Assistant also has extensive education and training in the delivery of health care, and can diagnose, treat and monitor your care. A visit with an alternate group physician, the Nurse Practitioner, or the Physician Assistant will expedite prompt treatment of illness and/or efficient follow-up assessment when your primary allergist does not have immediate availability. Please visit our website at www.aentassociates.com for more information about our practice and healthcare team.
